WELCOME TO THE 2023 ONLINE TEACHER APPLICATION GUIDE!

Thank you for your interest in teaching in New York City’s public schools. The NYC Online Teacher Application is required for all candidates who are interested in securing a full-time teaching position with the New York City Department of Education (NYC DOE). We strongly suggest that you review this guide prior to beginning your application.

Please Note: If you are a current teacher at the NYC DOE, please do not complete this NYC Online Teacher Application. If you are interested in transferring to another NYC DOE school, you will need to apply through the Open Market Hiring System (Open Market) when it opens in mid-April. Call HR Connect at 718-935-4000 with questions about Open Market.

AN EQUAL OPPORTUNITY EMPLOYER

It is the policy of the Department of Education of the City of New York to provide educational and employment opportunities without regard to race, color, religion, creed, ethnicity, national origin, alienage, citizenship status, age, marital status, partnership status, disability, sexual orientation, gender (sex), military status, prior record of arrest or conviction (except as permitted by law), predisposing genetic characteristics, or status as a victim of domestic violence, sexual offenses and stalking, and to maintain an environment free of harassment on any of the above-noted grounds, including sexual harassment or retaliation. Inquiries regarding compliance with this equal opportunity policy may be directed to: Office of Equal Opportunity, 65 Court Street, Room 1102, Brooklyn, New York 11201, or visit the OEO website at http://schools.nyc.gov/OEO
PREPARING TO APPLY

As you are getting ready to complete the NYC Online Teacher Application, please be prepared to answer questions and provide documentation about your:

- Professional background, including dates of employment
- Academic history (including your GPA)
- Professional references
- Up-to-date resume and past work experience
- Teacher certification status - you will need to provide proof of New York State teacher certification or documentation that shows your progress toward certification

Please note that we frequently receive inquiries from aspiring teachers regarding certification. The NYC DOE does not issue teacher certifications; teacher certification is awarded by the New York State Education Department (NYSED).

The most common reason applicants experience delays submitting their application and beginning their job search is due to missing or incomplete proof of certification. For more information on how you may obtain New York State certification, please review NYSED’s certification overview or contact NYSED at tcert@nysed.gov or through the OTI Contact Form. If you are still enrolled in a university, please also be sure to contact your school’s certification officer for guidance.

What is the NYC Online Teacher Application

I am already NY State certified to teach at the pre-k/3-k level. What are my next steps for applying?
CREATING AN ACCOUNT

The first step toward completing the NYC Online Teacher Application is to create an account by visiting the application website and clicking on New User.

You will be asked for your email address, a safe password, and your social security number to create and complete a profile.

It is important to make sure your social security number is entered accurately. After your profile is complete, it is extremely hard to change the social security number. As your social security number is used to confirm your certification with NYSED, an incorrect social security number can delay your job search and onboarding process.

Please note the following:
- Your email address will be your username. Please note that all communications and status updates are conducted via email, and it will be sent to the email address associated with your profile. If you are currently a student, we recommend that you do NOT use the email address associated with your university, school, or workplace unless you will have access to it for at least a year from the date of your application submission.
- Be sure that your email account is configured to accept emails from the NYC DOE (allow domains @schools.nyc.gov and @nyc.teacherssupportnetwork.com) to ensure important messages do not end up in your spam or junk mail folder.

COMPLETING THE COMMON PROFILE

The NYC Online Teacher Application is a multi-step process. After creating an account, applicants must complete their Common Profile before starting the NYC Online Teacher Application. This can be completed in one sitting or saved and completed later.

The Common Profile

Below are the steps required to complete the Common Profile. The information entered can be used to apply for several different career paths with the NYC DOE.

1. ACCOUNT INFORMATION AND WORK ELIGIBILITY

This step asks for basic contact information and a few questions regarding work eligibility. To be eligible to work for the NYC DOE you must meet citizenship and/or residency requirements. You must complete all parts of the eligibility question. If you answered “Yes” to the work authorization status, you must also indicate your specific work authorization status. Please note that if you do not disclose your work authorization status, your application will not move forward.

If offered a position with the NYC DOE, you will need to provide documentation verifying your identity and employment authorization as part of the hiring process. See here for more information about that documentation.

**WORK ELIGIBILITY**

Please complete the following questions. These questions will allow the NYCDOE to determine if you are eligible to work in our schools. To be eligible, you must meet citizenship and/or residency requirements. If you have already been fingerprinted by the NYCDOE, a background check will also be conducted upon submission of an application.

- Are you legally authorized to work in the United States? Yes No
- If “Yes”, please indicate your authorization status. Citizen or National of the United States

2. EDUCATION

Teacher applicants must enter their education history for both high school and postsecondary education. Applicants holding advanced or multiple degrees must first enter undergraduate degree information before entering any additional advanced degrees.

3. EXPERIENCE AND REFERENCES
The work experience information entered in this section can be used to help inform the starting salary of teacher candidates after they are hired. For this reason, it is especially important that you accurately input your professional experience.

- Resume – you will need to upload a resume for the profile. Here are some tips for compiling your resume. Note that attachments cannot exceed 1 MB in size. We encourage you to upload your resume as a PDF to preserve your formatting. As you progress through the NYC Online Teacher Application, you can customize your resume when you apply for specific positions. cannot exceed 1 MB in size. 4. ADDITIONAL INFORMATION

Applicants will need to enter demographic information as well as their borough preferences. There will be opportunities later in the application where additional borough preferences can be shared.

5. DISCLAIMER AND RELEASE STATEMENT

Read through the Disclaimer and Release statement to acknowledge submission of information into the application system. Once you have submitted your profile, you will then be taken to your portal page to start the Teacher application under the Start New Applications header.
TIPS AND NOTES

The following items are important to note when filling out the profile:

- You can see the progress you are making on each step of the profile on the top right corner.
- Anything with an asterisk (*) is required to complete and cannot be left blank. You will get an error message if it is not completed.
- You can click on the “?” icon for more information on the required information in each question.

Please Note:

If you are interested in a role other than a full-time teacher position in a New York City public school (e.g., Guidance Counselor, School Psychologist, Attendance Teacher, Speech Pathologist, etc.), please see here for more information about the appropriate application pathway.
STARTING YOUR NYC ONLINE TEACHER APPLICATION

Once you have completed the Common Profile, you will be able to see your candidate portal. This section outlines the next steps in the NYC Online Teacher Application process.

NYC Online Teacher Application

After logging in to the portal, full-time teacher applicants who have completed their profile can access the Start New Application section and select the Teacher application.

The NYC Online Teacher Application includes the following sections:

1. JOB SEARCH PROFILE

In the Job Search Profile section of the NYC Online Teacher Application, there are a few questions that allow you to specify your job preferences. The NYC DOE is the largest school district in the country, operating over 1,800 schools across the five boroughs, and understanding your preferences can help you narrow down your job search and set you up for success.

Grade Level Preference: Please select at least one, and up to three, grade level preference(s). Note that you should not express preference for grade levels that do not match your certification(s).

Geographic Preference: Next, enter your top three borough preferences. If you are only willing to accept a position in one or two boroughs, please select those one or two boroughs in the first and second preference sections and select “no preference” for the third borough option. You can revisit this section of the application as often as you would like; if your circumstances change throughout the hiring season, you can adjust your earlier preferences.
District 75 Preference: This is an opportunity for candidates in eligible certification areas to express interest in teaching in District 75, a non-geographic district providing quality and rigorous individualized educational programs to students with significant challenges.

Early Childhood Preference: Respond to these questions based on your interest and eligibility in teaching in New York City Early Education Centers (NYCEECs) as part of the 3-K For All and Pre-K For All initiatives.

When completing the Job Search Profile section, note there are also questions about your interest in Teachers of Tomorrow, NYC Men Teach, and charter schools, as well as your communication preferences.
2. EXPERIENCE AND CERTIFICATION

In the Experience and Certification section of the NYC Online Teacher Application, you can share information about your certification and extensions, upload supporting documents regarding your certification status, and express interest in Career and Technical Education.

Certification: To secure a position with any NYC DOE school, applicants must hold a valid New York State (NYS) teacher certification or provide proof that they are on track to be certified by September 1, 2023. In this step, we ask you to provide information about each certification and extension that you hold, and to upload supporting documents based on your current NYS teaching certification status.

For each certification and extension that you hold, you will be asked to provide the following information:

- Current certification status
- State providing certification
- Certification type
- Certification subject area
- Bilingual extension and language, if applicable
- Grade level
- Issue date/expected issue date
- Expiration date
- Country
- Last name on certification, if different than name on application
- Educational pathway followed to obtain certification
- National Board for Professional Teaching Standards certification status

Supporting Documentation: You will be asked to upload supporting documentation for your certification. See below for documents you can upload based on your certification status, and see here for additional guidance.

3. Resume

In the Resume section of the NYC Online Teacher Application, applicants have the option to upload a teaching-specific resume, and to share a personal statement.

**Resume:** While a generic resume was uploaded as part of the Common Profile, this is an opportunity to upload a resume that specifically focuses on your qualifications for a teaching position.
