

Early Childhood (Birth – 2nd) Certification in NY State

Build Your Study Plan

In order to qualify for the NYC Public Schools (NYCPS) Early Childhood Community-Based Organization (CBO) Lead Teacher opportunity, not-yet-certified candidates must have a Study Plan leading to NY State (NYS) Early Childhood Certification within 3 years of hire.

We know that completing these requirements can be challenging while teaching full-time. We encourage candidates to consult their University advisors for guidance and resources throughout this process. Candidates are also encouraged to discuss any questions and concerns openly with their Education Directors as they arise.

NY State Certification Requirements for Early Childhood Education

- ✓ Complete a NY State registered program* in Early Childhood Education (Birth – Grade 2)
- ✓ Obtain institutional recommendation** in Early childhood Education
- ✓ Take and pass the following NYS Teacher Certification Exams:
 - Educating All Students Test (EAS)
 - Content Specialty Test (CST) – Multi-Subject or Multi-Subject: Teachers of Early childhood (B –2)
- ✓ Complete Required Workshops – Dignity For All Students Act and School Violence Intervention and Prevention
- ✓ Pass a fingerprint-based background check

Please feel free to use the checklist below to work through the Study Plan process:
